How Is It Different to What You've Seen Until Now?

It's the all-in-one tool that lets you run a class all from within this one app. Students don't have to switch between apps to create a presentation or a video, go to the Internet, use a map, draw, take a photo or video, share things, collaborate or send you an assignment. Everything is here in LoiLoNote School. Plus, it's Cloud-based and has a few cool features to make the teacher's life easier, e.g. locking students' tablets!

Benefits for Teachers:

LN School is the answer to the educators' puzzle of how to foster 21st Century Skills in Students.

Ask a question - give your students a task and have them submit it to you

Materials Box - import materials to Cloud and have students access it wherever they are

Direct tunnels - share contents in real time with all students or individuals

Compare answers - use comparing mode to contrast students' answers

Engagement - students' engagement and curiosity greatly improve

Intuitiveness - Ln S is easy to bring into the classroom

External Screen - connect to an external screen with one tap of a finger

Lock Tunnels - block communications between students

Lock Screens - lock students' tablets to draw their attention to you

Students' List - check who is logged in, who's using another app or viewing another lesson

Benefits for Students:

- Improved logical and critical thinking skills
- Boosted creativity skills and ability to present in an organized way
- Enhanced ability to work in groups
- Lessons are more enjoyable!

What Problems Does LoiLoNote School Solve?

Flow of a Lesson:

Powerful Creation Component

Students and teachers can create MULTIMEDIA PRESENTATIONS and VIDEOS with the touch of a finger. They can work with PHOTOS, VIDEOS, TEXT, WEB BROWSER, MAP, PDFs, DRAW and SHARE created contents in REAL TIME. As for editing, it's possible to ANNOTATE, RECORD voice comments, add BACKGROUND MUSIC and TRANSITION EFFECTS. Users can create a slideshow or save everything as a video.
